

SorbaView SHIELD®

Integrated securement dressings

Preventing bloodstream infections is a daily challenge. Our goal is to empower frontline staff with a comprehensive Vascular Access Management (VAM) solution to manage dwell time, infection rates, and associated costs.

The SorbaView SHIELD® multi-layer dressing and catheter securement system can help you combat these issues by eliminating inconsistent methods of securement, and providing a standard of care.

Item no.	Product description	Pkg
SV118UDT	Nano; 5 cm x 6.3 cm; no adhesive-free zone	100/bx
SV226UDT	Micro; 5.7 cm x 6.7 cm; no adhesive-free zone	100/bx
