FitRight®

Continence Care Solutions and Product Catalogue

FitRight®

What we promise:

To provide market-leading products, support and solutions to aid you in managing incontinence, making it easier than ever before.

What that means:

You have a true partner for incontinence solutions. We are here to help you overcome challenges and achieve operational excellence for your facility.

How we do it:

Clinical support you can trust

1 million cases of incontinence products manufactured in the U.S. every month*

*Data on file.

Your big picture **partner**

Medline is your global healthcare partner dedicated to working with you to advance healthcare. From our roots as a surgical gown supplier over 100 years ago, Medline has grown to provide an expansive line of thousands of medical supplies with the best availability and service. In Australia, dedicated, problem-solving local Medline teams are ready to provide our exceptional sales and service support to hospitals, health and long-term care facilities, and the community.

Customers come first

Our quality metrics make sure every product that goes out the door is one we would use for a friend or family member of our own.

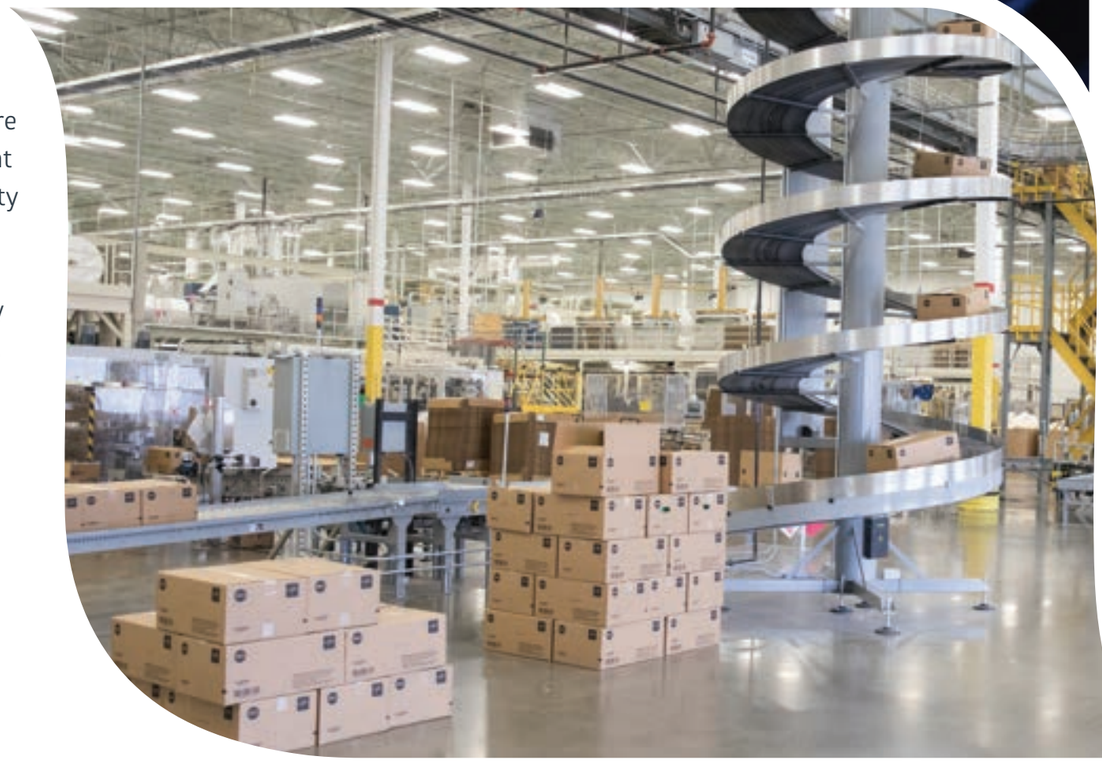
Tested and trusted

Our equipment uses advanced quality assurance technology to perform full visual inspections of each product. We also perform regular performance tests to ensure all of our products meet your expectations.

99%+ quality satisfaction rate**

Atlanta Facility

Most FitRight products are manufactured in the US at our state-of-the-art facility in Atlanta. It produces over one million FitRight products every single day for use around the world.



**Data on file.

Pick the **product**

The most appropriate product promotes dignity, comfort and confidence. Choose the most appropriate product, based on the individual's level of mobility and level of fluid output.

Suitable for persons with limited mobility

Suitable for ambulatory persons

Suitable for non ambulatory persons

Mobility Level	Ideal Use	Absorbency	Type of Product
	· For individuals with light to moderate urinary output · Can walk with or without assistance	Light–moderate	Bladder Control Pads
	· For individuals with light to severe urinary output with occasional bowel incontinence episodes · Can walk with or without assistance	Light–maximum	Protective Underwear
	· For individuals with moderate to severe urinary output and/or bowel incontinence · Can walk with or without assistance or may be used for bedridden individuals	Moderate–maximum	Liners & knit pants
	· For individuals with heavy to severe urinary output and/or bowel incontinence · Bedridden or limited mobility	Heavy–maximum	Briefs

Select the **size**

Selecting the right size is critical for containment.

Bladder Control Pads and Liner Sizing

One size fits all.

Briefs, Protective Underwear and Knit Pant Sizing

For briefs, underwear and pant, measure the hips or waist (select the larger of the two) as follows:

Step 1

Measure the largest area from hip bone to hip bone and over the abdomen (see illustration)

Example:
Hip bone to hip bone = 48.3 cm

Step 2

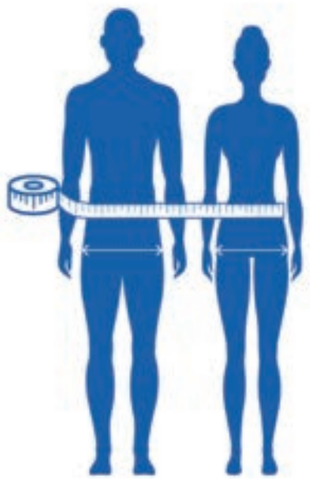
Double the measurement in Step 1 and add 5 centimeters

Example:
48.3 cm x 2 = 96.5 cm
96.5 cm + 5 cm = 102 cm

Step 3

Using this number, select the product size from the chart on the right

Example:
102 cm = medium or regular brief



Briefs

S	**Small**	51–81 cm
M	**Medium**	81–112 cm
L	**Large**	112–142 cm
XL	**X-Large**	142–163 cm
2X	**XX-Large**	152–178 cm

Protective Underwear

S	**Small**	51–81 cm
M	**Medium**	71–102 cm
L	**Large**	102–142 cm
XL	**X-Large**	142–173 cm
2X	**XX-Large**	173–203 cm

Apply **appropriately**

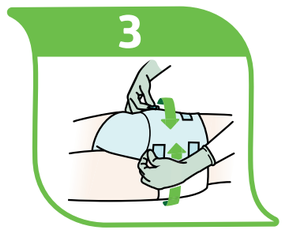
Applying products properly helps ensure the best performance.

How to Apply FitRight® Briefs

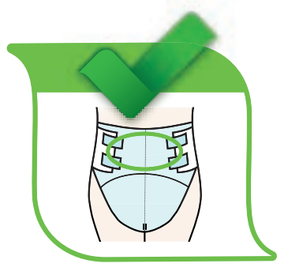
Laying down or standing up

Unfold brief and side panels. Gently tug lengthwise to activate Leak-Stop™ Guards*.

Fold lengthwise. Pull up front and back.



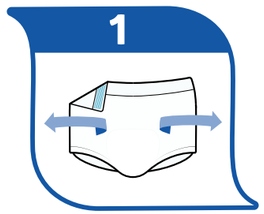
Attach tabs, top first and then bottom. Gently push down to secure.



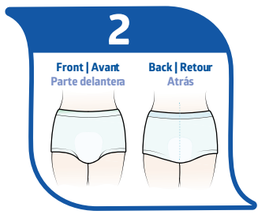
Centre the wetness indicator with spine. Tabs should NOT overlap core.

How to Apply FitRight® Protective Underwear

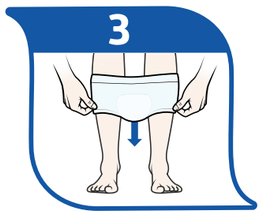
Sitting down or standing up



Unfold underwear. With blue lines towards back, place underwear between feet.



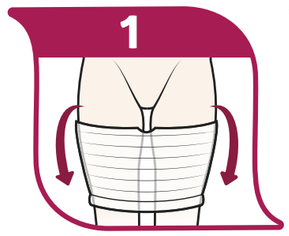
Carefully step into each leg opening and simply pull up between legs.



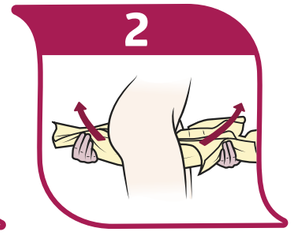
Pull down or gently tear sides to remove.

*Not all briefs or liners contain leak guards.

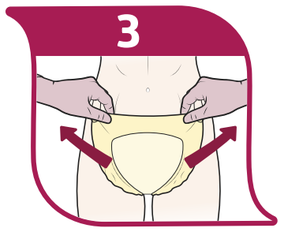
How to Apply FitRight® Liners and Knit Pants



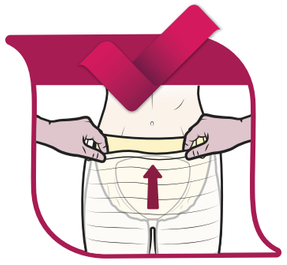
Fold down knit or mesh pants (turning inside out) so waistband is below leg openings.



Fold liner lengthwise and pull up between legs. Pull up front and back.



Spread liner evenly in front and back for maximum coverage.



Pull up knit or mesh pants by waistband to hold liner in place and adjust as needed.

Facts and plans for **better living**

Living with incontinence

Although incontinence is a common problem, it can make an individual feel ashamed and even lead to withdrawing from social activities. However, with the right continence management strategy and product, the person can stay active and enjoy the quality of life and dignity that they deserve. A thorough evaluation by your doctor can help determine what's behind your incontinence.

Type	Description	Symptoms	Causes	Light | Moderate | Heavy
Stress Incontinence	Urine leakage when you exert pressure or stress on your bladder	Bladder leakage when you cough sneeze, laugh, exercise or lift something heavy	Physical changes resulting from pregnancy, childbirth, menopause, prostate cancer treatment such as surgery or radiation therapy	
Urge Incontinence	Sudden intense urge to urinate, often followed by urine leakage	Sudden or frequent emptying of bladder, getting up 2 or more times at night to urinate	Urinary tract infection, bladder irritants, bowel problems, Parkinson's disease, Alzheimer's disease, stroke, multiple sclerosis	
Mixed Incontinence	Combination of both stress and urge incontinence			
Overflow Incontinence	Frequent or constant dribble of urine	The feeling that you never completely empty your bladder, and when you urinate, you may produce a weak stream of urine	Damaged bladder, blocked urethra, nerve damage from diabetes	
Functional Incontinence	Inability to make it to the bathroom in time	Physical or mental disabilities that prevent you from reaching the bathroom in time	Mobility or manual dexterity issues, pain with movement, certain medications	
Total Incontinence	The continuous loss of urinary control	Physical or mental disabilities that prevent you from reaching the bathroom in time	Injuries to the spinal cord or urinary system, birth defects, severe trauma, neurological disorders	

Incontinence **solutions** designed to improve care

Medline has developed products to meet the clinical needs of any incontinent individual, whether they live at home or in a long-term care setting. Dignity, dryness and comfort are part and parcel of every product we provide.

A product for every need

Briefs
Heavy bladder and bowel incontinence.

Protective Underwear
Light daytime incontinence; extra protection at night.

Bladder Control
Light bladder leakage and menstrual protection.

Liners & Pants
Heavy bladder and bowel incontinence.

Wipes, lotions and soaps for gentle cleaning.

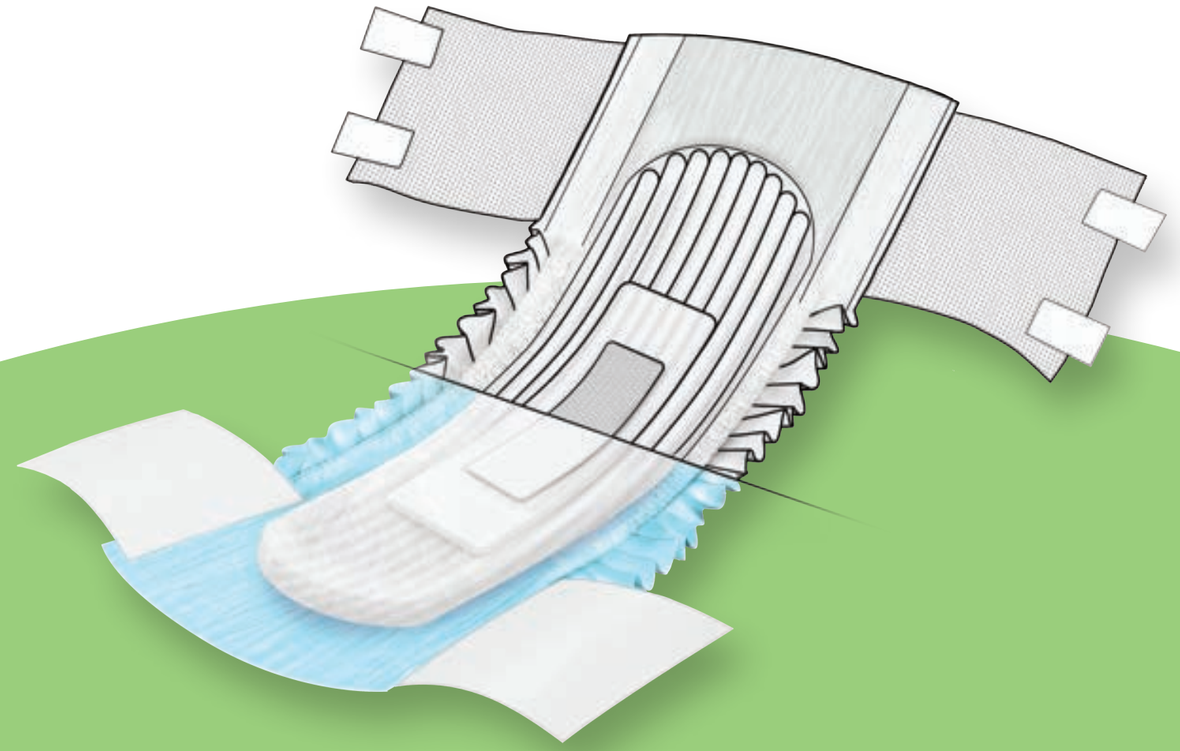
Pages 50–55

Briefs

Made with a unique Channel Core +™ that wicks away moisture and protects against odors. All FitRight briefs are designed to address two important incontinence concerns – keeping skin dry and maintaining skin integrity. Choose the one best suited to the individual's needs.

Recommended for those who:

- Have heavy bladder and bowel incontinence
- Are bedbound and require a high level of caregiver assistance
- Need containment and maximum moisture protection
- May need to pair briefs with Double Up Booster Pads for added absorbency



Briefs

Brief **Types**

OptiFit™ Briefs

Our OptiFit™ Briefs provide the best possible fit for your resident. The Channel Core +™ and core channel technology work to wick away fluids and protect against odors, including skin-safe closures for secure fastening and repositioning with a soft, garment-like feel.

EasyFlex™ Stretch Briefs

With a large back panel for extra backside coverage, two-way stretch and a large single tab, our Stretch Briefs are easy to apply and comfortable to wear. And, like all our FitRight Briefs, they do a superior job of wicking away moisture and absorbing odors.

Remedy Briefs

Infused with botanical nutrient cream, our Remedy Briefs are soothing to the skin.
With Leak-Stop™ Guards that keep fluid in, plus a breathable construction that promotes air flow.

Extended Wear™ Briefs

Our Extended Wear and Extended Wear Stretch Briefs have a high-performance core designed to keep individuals dry for long periods. They feature a breathable film that allows airflow for an optimal microclimate for skin, plus soft Leak-Stop™ Guards for protection and containment.

Specialty Size Briefs

With a high-capacity core, our Specialty Size Briefs bring all the benefits of FitRight to discreetly accommodate a range of individuals – including flexible stretch panels for a secure, comfortable fit, cloth-like outer cover and skin-safe closures.

Protective Underwear

Underwear

Made for ambulatory individuals, Medline underwear feature Leak-Stop™ Guards, moisture-wicking technology and reduced chafing and sound when in motion. Discreet and disposable, they provide exceptional comfort, worry-free containment and can be pulled on and off just like normal underwear.

Recommended for those who:

- Have light to heavy bladder incontinence and/or occasional bowel incontinence
- Want discreet protection that fits and feels like everyday underwear
- Can walk on their own or need little to no assistance
- Are lightly incontinent during the day and may need a little extra protection at night
- Option to pair protective underwear with Double Up Booster Pads for added absorbency

Liners & Pants

Liners

A combination of liner and briefs is an ideal solution for those who wear underwear, self-toilet or are involved in a bladder and bowel program. With low-profile 4D Core™ for improved absorbency and leak and odor protection, our liners contain like a brief but are more comfortable and discreet.

Recommended for those who:

- Experience heavy bladder and bowel incontinence
- Are bedbound or ambulatory
- Need containment and maximum protection against moisture

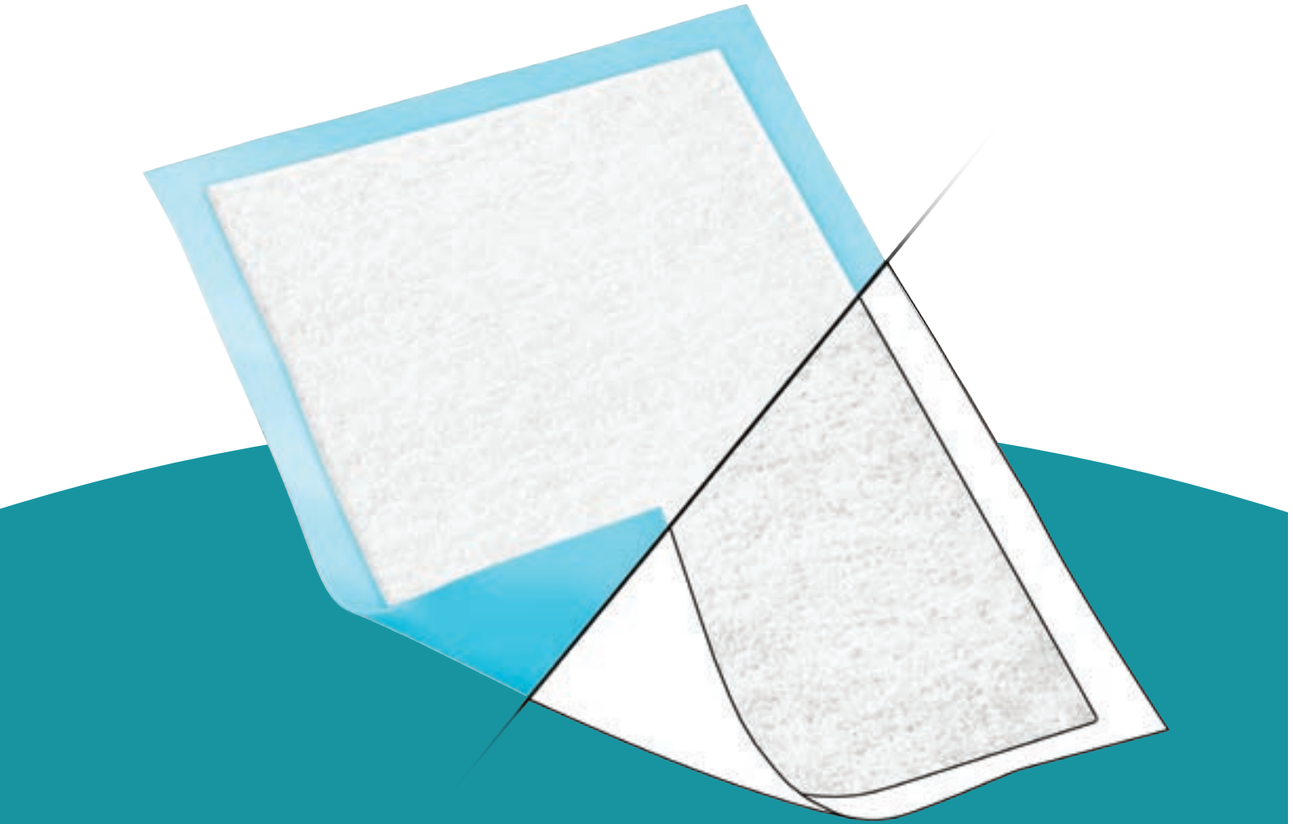
Underpads & Ultrasorbs®

Underpads

Disposable underpads provide moisture protection for a variety of surfaces. They feature a high-absorbency core that helps control odors and their polypropylene backing prevents fluid from passing through the pad.

Recommended uses:

- Protecting bedding and furniture
- Use in clinical procedures
- Wheelchair seats
- IV starts



Underpads

- Non-woven top sheet
- Disposable underpads feature combination of a fluff and polymer core for high absorbency and odor control
- Polypropylene backing prevents fluid from passing through the pad
- Available in quilted and non-quilted

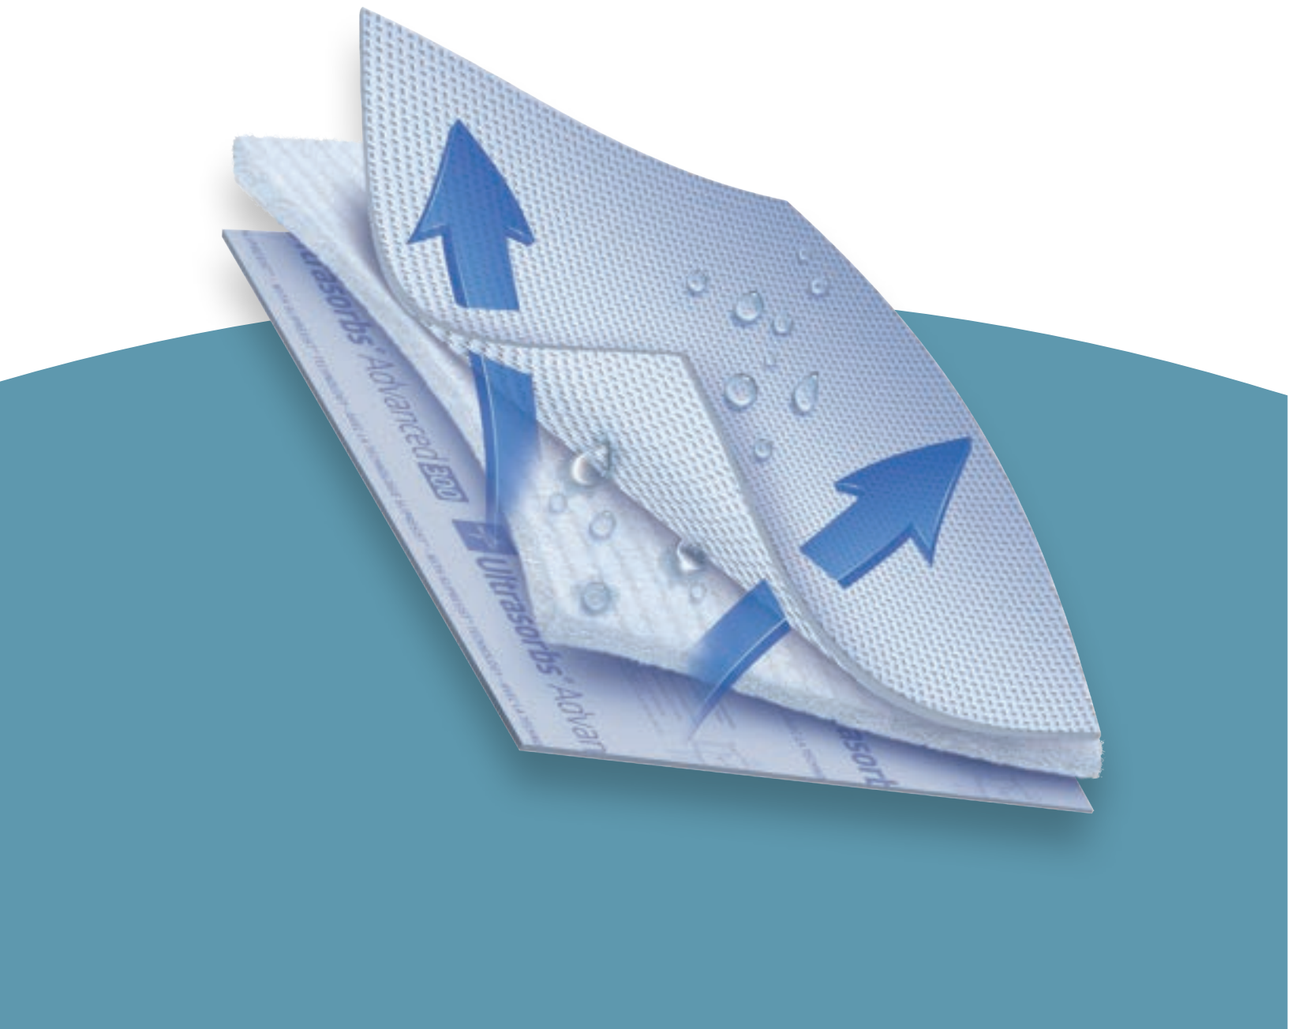
Ultrasorbs®

Ultrasorbs premium underpads fight skin breakdown with powerful absorbing technology.

To provide an ideal microclimate, it important to use products that absorb and hold moisture away from the skin. Ultrasorbs are made with ultra-soft, air-permeable materials to keep skin dry, control odors and provide maximum user comfort. The backsheet features an AquaShield film to keep fluid contained, and weight capacity options help make boosting and repositioning easy. They're also suitable for use with specialty mattresses.



Medline's Ultrasorbs portfolio includes a variety of options to help your team manage moisture.

Other MASD Solutions

Moisture-associated skin damage (MASD) negatively impacts the physical health of your residents and the financial health of your facility. Medline offers products to help reduce MASD exposure for the most at-risk individuals.

Skinfold Dry Sheets

The soft outer layer of our Skinfold Dry Sheet absorbs moisture and keeps it away from the skin, locking it into the double-thick, super-absorbent polymer core.

- Designed to absorb moisture and help keep skinfolds dry
- Soft, non-chafing material for cooling and comfort
- Change once a day or when sheet becomes wet
- One sheet holds 8 oz. (236 mL) of liquid

Item No.	Description	Pkg.
MSC10614	6 x 14" (15 x 35 cm)	10/bg. 250/CTN

Youth

Youth

Help little ones stay dry and keep skin healthy with premium quality products. Medline's Youth Briefs are made with soft, hypoallergenic materials that are gentle on delicate skin. Anti-leak guards provide extra protection, while stretch waist bands and side panels offer custom comfort and range of movement.

Medline Training Pants

- Full-stretch waistband feels like real underwear
- Cloth-like outer cover is comfortable against skin, helping to minimize the risk of irritation and rashes
- Easy-change design allows for quick removal

Cleansing & Skin Care

Dry Wipes

Every day, healthcare providers face a wide range of messes. The selection of clean-up options is even wider – and choosing the right one takes time. Our collection of multi-purpose dry wipes is the clean-up solution you don't have to think about. Soft, durable and endlessly versatile, they're the go-to for healthcare providers across the industry.

Recommended for:

- Incontinence cleanup
- Applying ointments, creams and protective barriers
- Pericare and bathing
- Use on fragile skin, where rough terry cloth may cause irritation
- General cleaning

Medline Absorbent Wipers+ Dry Wipes

- Made of durable, absorbent material
- Resists tearing to handle tough cleaning needs
- Strong, absorbent wipes are ideal for cleaning up spills and surfaces

Item No.	Description	Pkg.
AWP0500	Absorbent, 12" x 13" (30 x 33 cm)	90 ea/bg, 1080 ea/CTN

Wet Wipes

No need for harsh soaps and rough washcloths – our disposable cleansing cloths reduce odor and are more sanitary, comfortable and efficient. They feature a pH-balanced formula that's hypoallergenic and alcohol-free, so it's gentle on skin. As the market leader in personal cleansing cloths, we're sure to have the right product to suit every individual.

Recommended for:

- Fast, efficient cleaning
- Gentle enough even for sensitive skin

A SOFTER, GENTLER TOUCH

CONVENIENT AND EASY TO USE

REDUCES ODOR

ReadyFlush® Biodegradable Flushable Wipes

- A flushable and dispersible, single-patient-use wet wipe made from hydraspun dispersible cloth fibers
- The fibers break down quickly when flushed, yet are still strong in use
- Wipes are pre-moistened with rinse-free formula that cleans, moisturises and soothes the skin

Item No.	Description	Pkg.

MSC095309	Fragrance Free, Peel & Reseal	8/pk, 30 pk/CTN

Skin Care

The Medline Remedy® Phytoplex® line combines the most advanced skin care science with some of the gentlest, most beneficial botanicals nature provides. The result is a complete regimen of skin care specifically formulated for use on sensitive skin.

Remedy Phytoplex Nourishing Skin Cream

- Provides hydration, nourishment and moisture balance to help maintain skin's natural defenses
- Enhanced with Phytoplex, additional botanicals and essential fatty acids
- Formulated without mineral oil or other petrochemicals to remain breathable
- Hypoallergenic, non-irritating, non-sensitizing, latex compatible, pediatrician and dermatologist recommended
- Ideal for use on hands, face and body

Item No.	Description	Pkg.
