

Gemini Sterilisation Wraps

**Versatile
barrier
protection**

About Medline

We're a global healthcare company dedicated to being easy to partner with, solving problems, and providing good value. In Australia, from our network of warehouses nationally, we manufacture and distribute an expansive portfolio of products for hospitals, healthcare facilities, aged care, and the community.

Since being established in 2011 we've put customers first. But our origins date back to 1910 in Chicago when Medline manufactured butcher's aprons, and soon after, surgical gowns. And the rest is history. So, with Medline you get a local team that understand you, backed by a global healthcare company that's been doing it for generations.

Together, advancing healthcare.

Single ply

With Gemini Wrap, you have a choice: fold two wraps at the same time, or sequentially.

- **Made with SMS fabric:** Gemini offers protection against fluid and particles
- **Low linting:** Gemini wrap is naturally low linting to help maintain the integrity of the sterile trays
- **Drapeable:** Gemini wrap is very soft and easy to fold, making it simple to work with
- **Adhesive properties:** The surface is compatible with sterilisation tape
- **Strong:** Gemini wrap is resistant to tears and punctures

Double ply

Gemini bonded wrap can provide you greater confidence in your sterilisation process. Two sheets electronically seamed together provide exceptional strength and improve efficiency.

Barrier protection: Strong dual-layer, 100% polypropylene construction provides barrier protection against fluid and particles

Easy to use: Drapable with less memory when opening. Soft, smooth finish is easy to handle and fold

Versatile: Medline's Gemini Bonded Wrap is for use in all major sterilisation cycles, including:

- Pre-Vacuum Steam Cycles
- Gravity Steam Cycles
- Ethylene Oxide (ETO) Sterilisation
- STERRAD® Sterilisation
- STERIS V-PRO® Sterilis

Our dual colour bonded blue/pink allows for:

- Quicker identification of loan sets
- Easier detection of tears, punctures and strike through
